

GREEN GETS NEW BAIL

Civil Rights Congress Puts Up \$5,000 for Illinois Communist

Bail of \$5,000 was furnished by the Civil Rights Congress in Federal Court yesterday for Gilbert Green, 41-year-old Illinois state chairman of the Communist party, who is under Federal indictment on charges that he and eleven other Communist leaders conspired to overthrow the Government by force.

Agents of the Federal Bureau of Investigation arrested Green Thursday morning at the Riverside Plaza Hotel, 253 West Seventy-third Street, where he was attending his party's national convention as a delegate.

After surrendering in Chicago and posting \$5,000 bail in a removal proceeding, Green subjected himself to arrest when he came here, since the indictment was returned in this jurisdiction.
